SUMMARY

Enthusiastic and detail-oriented MERN stack developer with 7 months of hands-on experience in building responsive and scalable web applications. Former Project Manager with 3.5 years of expertise in project coordination and product lifecycle management. Adept at delivering full-stack solutions using MongoDB, Express.js, React.js, and Node.js.

EXPERIENCE

Luminar Technolab, Kochi — Intern

JULY 2024 - PRESENT

- Built and deployed full-stack web applications using the MERN stack with a focus on performance and scalability using MongoDB, Express.js, React.js, and Node.js. Collaborated with a team to build scalable and responsive applications, contributing to both frontend and backend development.

HCL Tech, Chennai — Analyst

JAN 2021 - JUNE 2024

- Coordinated project teams, tracking tasks, managing timelines, plans and conducting risk assessment. Align requirement gathering, analysis, development, test and infrastructure teams, several third parties/vendors to deliver the project with maximum efficiency.

PROJECTS

Doctor Appointment Booking App

- Built a Doctor Appointment Booking System using the MERN stack with JWT-based authentication for secure user, admin, and doctor logins. Designed and developed role-specific dashboards to enhance user experience.

Media Player

- Developed a Full Stack Media player using React.js, Json Server and Axios. Integrated functionalities like add new video, add videos to category using drag and drop, and search functionality.

EDUCATION

Govt. Engineering College, Wayanad — *BTech*

2016 - 2020

Electronics and Communication Engineering.
